Handicap Reminders

Score Posting

All members are expected to post their score following golf. This can be done at the handicap computer in the Pro Shop or online at www.ghin.com.

The Golf Staff will post all members event scores, including Men's & Women's Twilight scores.

This year the Golf Staff will be randomly reviewing daily score posting. We will compare the tee sheet with scores posted for that day.

If a member is found to have not posted a score they will receive an email from the Golf Staff reminding them they need to post their score. If a member doesn't post a score a **second time**, the Golf Staff will request a meeting with the member to explain the importance of posting all scores. If a member doesn't post a score a **third time**, the Golf Staff will post a "penalty score" to the member's handicap equivalent to their lowest differential over their last 20 scores.

Equitable Stroke Control (ESC)

ESC was put in place by the USGA to limit the HIGHEST SCORE a player may post for any hole. It varies by handicap. The following chart outlines the MAXIMUM POSTABLE SCORE for any hole for each handicap range.

Your Current Handicap
