**INTEGRATIVE YOGA**

This is a Hatha (gentle) style of yoga. It brings a focused approach to integrate the Mind, Body and Spirit to form a stronger, yet more peaceful, sense of self. Come with an open mind and heart to embrace ways of living fuller. Ideal for beginners, as well as, those seasoned in their practice. sessions often include sun and moon salutations. yoga balls are used the last Sunday of every month.

**metafit**  
BODYWEIGHT TRAINING

Metafit is a 30-minute, bodyweight-only, non-choreographed, high-intensity interval training (HIIT) workout. The program was created over a decade ago by a Royal Marine Commando in a bid to make HIIT more efficient and effective. It combines the latest HIIT training techniques with traditional 'old school' bodyweight exercises to set the metabolism on fire!

**MAX STRENGTH**--It's a strength class with no exceptions with equipment, pushing the smaller and larger muscle groups to their max while kicking up the metabolism.

**LES MILLS RPM**

is a group indoor cycling workout where you control the intensity. High Intensity interval training set to music and you can burn up to 675 calories a session.

-4

**P.H.I.T.**

This metabolic conditioning class combines cardio kickboxing, rope jumping, tabatas, and strength training! A combination of challenging punch and kick intervals and strength exercises using a variety of equipment are included. 2-3

**Pilates**

This systematic series of core strengthening and lengthening exercises is based on the work of Joseph Pilates. Class format invites participants of all levels to improve posture, flexibility, and mind/body awareness. 1-2

**POWER YOGA**

Nourish your mind, body, and spirit in an invigorating workout. Poses (asanas) are sequenced together and linked with the breath to create a flow of exercise. Increase strength, improve flexibility, reduce stress and bring balance to your life with this challenging class. Previous yoga experience is recommended. 2-3

**SPINNING**

Spinning is an indoor cycling workout which allows participants to experience the mind/body connection that is the foundation of obtaining complete health and fitness. Whether beginner or skilled athlete, participants can tailor the workout to best suit their individual fitness levels. 4

**STEP BLAST**

This Classic, high intensity class uses easy to follow choreography that pushes your fat burning systems into high gear! The variety of moves, fast pace, and smooth transitions make this a class you won't want to miss.

**BARRE FUSION:** Full Body Workout that fuses yoga, pilates, dance and isometric movements using high repetitions and low weight or body weight. Sculpt muscles as you focus on arms, lower body and core work; alternating with cardio bursts to elevate your heart rate. Feel the burn as you stretch out and tone up with fun, energizing music. No dance experience required 4

**Vinyasa Yoga**

Vinyasa Flow incorporates fluid movement with deep, rhythmic breathing. Linking movement with breath enhances the health benefits of each pose achieving greater muscular strength and tone, increased flexibility, and improved circulation as well as creating a more focused, calm and meditative state of awareness. 2

**HIIT**

High Intensity Interval Training- a training technique in which you give all-out one hundred percent effort through quick, intense bursts of exercise, followed by short, sometimes active recovery periods. This type of training gets and keeps your heart rate up and burns more fat in less time. In this 45 min class, we aren't messing around. Using your own body weight and dumbbells and resistance bands, we will maximize every minute of the class to leave you fueled and coming back stronger. Modifications will be given.

**Hatha Yoga**--The class uses body weight to emphasize mobility, strength and balance. We target all of the major muscles in each class and explain how the poses help the body and how to get the most benefit from each pose-4
